

SPECIALTY ITEMS

New In Season!

Kumquats **3758** **10 lb.**

New crop from California will be available later this week. Kumquats look like a tiny orange. It can be oval or round and has a sweet, pungent rind and bitter, dry flesh. The skin and flesh are eaten together, like a grape, providing a burst of sweet and sour flavor. STK

English Peas **12641** **25/28 lb.**

In great supply and excellent quality from California. Get them while you can! STK

Chestnuts **51680** **5 lb.**

New crop Italian Chestnuts are now in stock. Once peeled of their hard, dark brown outer shells and bitter inner skin, Chestnuts can be enjoyed in a variety of ways including roasted, boiled, pureed, preserved and candied. They can be used in desserts or as a savory main dish accompaniment. STK

Buddha's Hand **14847** **5 ct.**

Product from California is in good supply. This fun looking citron is all rind and pith, making it perfect for candying and infusing into different beverages. S/O
